LIFEBOOK S7220

Your best friend on the move

Issue: August 2008

Fujitsu Siemens Computers is the leading European IT manufacturer. With a strategic focus on innovative mobility and the dynamic data center, we offer a unique range of products and services from notebooks and desktops to servers and IT infrastructure solutions. Famous German engineering and exceptional in-house quality testing capabilities in our test centers ensure extraordinary product quality and reliability across all product lines.

LIFEBOOK S7220

The LIFEBOOK S7220 offers the perfect balance between low weight and high-end performance. Weighing only 2.2 kg this is the ideal choice in the 14.1-inch notebook segment. A flexible modular bay, port replicator and a long battery life make work easy. Integrated 3G/UMTS and the optional ConfCamera enable connectivity anytime, anywhere.

Ergonomic working

Enjoy constant access to all your data thanks to a versatile mobile device.

- A slim and lightweight notebook, weighing only 2.2 kg, with a 14.1-inch WXGA or WXGA+ display that can run up to 8 hours with a second battery

Maximum connectivity

Available everywhere: wireless connectivity anytime anywhere even if there is no hotspot.

- Optional integrated 3G/UMTS, WLAN and Bluetooth

Reliable companion

Secure and effective working even for the most demanding of users in all situations.

- Spill-proof keyboard, shock sensor and further innovative highlights

Maximum security

Protect your company data against unauthorized third-party access.

- Benefit from our end-to-end anti-theft concept, system- and user protection, such as fingerprint sensor, TPM module, and SmartCase Logon+

Security

Protect your business intelligence and keep your data confidential.

- Benefit from our holistic concept of theft protection plus system and user security.
